OFFICE OF

No. F.3508/44.
Encls. One.

the Director of Food Supplies in Mysore,
Bangalore,

Date the 28th September 1945.

To

The Secretary to Government,
Development Department
(Food Supplies),
Bangalore.

Sir,

Supplies of Fuel and Charcoal to Mysore City.

--

In continuation of the correspondence ending with my letter of even No. dated the 8th August 1945 on the above subject I have the honour to state that in pursuance of the decisions arrived at the meeting held in Mysore on 10th May 1945 which have already been reported to you along with the notes under cover of this office letter dated the 24th May 1945, action is being taken by the President, City Municipal Council, Mysore as indicated below:--

1) A central Reserve Depot for stacking fuel in the City has been opened and the Municipal Council have leased an open ground in the New Bamboo Bazaar for the purpose on a monthly rental of Rs.50/-. A staff consisting of a clerk and watchman has also been sanctioned by the Municipality.

2) As regards supplies of charcoal, the Municipal Council have appointed Messrs. Boriah Basavaiah & Sons, Contractors as Managing Agents for procuring supplies and have agreed to supply them with two lorries for the purpose. The Managing Agents have been permitted to purchase charcoal bags (of 90 seers) at Rs.2-4-0 and the selling price is fixed at Rs.2-10-6 per bag (of 90 seers). They have agreed to supply at the rate of 500 bags per mensem and Mr. A.K.S. Raghavan has agreed to supply 1,000 bags per mensem.

To supervise the arrangements for procurement and distribution of fuel and charcoal, the Municipal Council have recommended the appointment of an Officer of the grade of a Range Forest Officer from the Forest Department and two Inspectors, the cost thereof being met by Government. It is also reported that at present the Municipal Council have sanctioned one Inspector on Rs.35 plus 5/- per mensem for 6 months from April 1945 for this purpose. The recommendation of the Municipal Council to appoint a Range Forest Officer and two Inspectors (on Rs.35/- plus Rs.5/- p.m.) for this work may kindly be sanctioned till the end of June 1946 in the first instance, the cost being ordered to be met by Government.

P.T.O.

Government.

In order to work to the fullest extent possible the lorries given to the Municipal Council for fuel and charcoal supplies, the Municipal Council have requested that the petrol issued to them be increased for the seven lorries newly supplied from the Food Department at 250 gallons per mensem for each lorry. As the fitting up of these Lorries with producer gas plants would tell upon their capacity to bring in the loads from Forests, the Council have recommended that these lorries may be exempted from being fitted with gas plants. This will be taken up by me with the Inspector-General of Police.

The other request of the Municipal Counci for liberal issues of tyres and tubes separately submitted to Government through the concerned Department also requires to be considered favourably.

I request that orders of Government may kindly be obtained for the entertainment of the staff consisting of a Range Forest Officer and two Inspectors (on Rs.35/- plus Rs.5/- each per mensem) for supervising the fuel supplies and distribution work in the City at Government cost till the end of June 1946.

A copy of letter No. MS.PR.150/ dated the 21st August 1945 from the President, City Municipal Council in the matter is also enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

Addl. Director of Food Supplies.

tgs.3

Letter No.M5.Pr.150/44 dated 21st August 1945 from the President, City Municipal Council, Mysore, to the Director of Food Supplies in Mysore, Bangalore.

--

Subject: Supply of fuel and charcoal to Mysore City.

--

Adverting to your letter No. F.3508 dated 24th May 1945, enclosing for necessary action a copy of the Additional Director's note regarding fuel and charcoal supplies to Mysore City, I have the honour to state that action has been taken as noted below, on the several points requiring attention:--

1. Para 4 of the note regarding supply of fuel by the District Forest Officer, Mysore, out of the fuel brought into Forest Wood yard Depot, to the extent of 150 tons per month, by diverting fuel carts to the Municipal Central Reserve Depot, for building up a fuel reserve as referred to in para 11.

The Municipal Council have since secured a building in New Bamboo Bazaar on a monthly rent of Rs.50/- per mensem and also sanctioned a small staff of one clerk, watchman, etc. The District Forest Officer, Mysore, has been requested to divert fuel carts to the Central Reserve Depot.

2. Para 5. Transport of fuel from Forest areas to Chamarajanagar by employing 4 lorries for eventual transport to Mysore City through railway wagons, to build up the reserve, referred to in para 11.

It had not been possible to spare any lorries for this purpose as the present number of 8 lorries, including two food lorries, lent by the Deputy Commissioner, Mysore, were engaged on fuel transport to meet the normal demand, to feed the Municipal Fair Price Depots.

After the receipt of seven additional chassis from the Special Officer, Fuel Supplies, Bangalore City (referred to in letter No. TRC.630(a)/44-45 dated 27-7-45 of the Director of Food Supplies, whether two lorries could be allotted to bring fuel to Chamarajanagar from the forest areas was discussed with the District Forest Officer, Mysore, at the Fuel Sub-Committee meeting held on 3rd August 1945. This was deferred as the members were of the opinion that the cost of the fuel would be much more than transporting by lorry direct from the forest areas. The question will be taken up again, after receipt of details from the District Forest Officer, Mysore.

Para 6 regarding recovery of lorry hire, etc.;

A copy of the agreement entered into by the Fuel Agents is enclosed herewith as desired. A lorry hire of Rs.10/- per trip per day is being recovered from the Agents, though the agreement provides for levy of hire on all days except Sundays. This procedure is adopted because it is considered inequitable to levy hire charges when the lorry is under repairs or is lying idle for want of tyres, tubes or spare parts. In addition to meeting the establishment charges, the Municipal Council have spent a sum of Rs.2,280/- for building up lorry bodies and Rs.1,635/- for insuring fuel lorries during the year 1944-45, besides investment on two lorries. The retail price of fuel at 4 maunds per rupee was fixed in consultation with the Fuel agents and the Forest Department.

Para 7: Petrol and Accessories:- Till the end of June 1945, 2,000 gallons of petrol coupons per month were being supplied for fuel transport lorries, and from July 1945 an additional quantity of 400 gallons permonth is being issued, for the two lorries spared by the Deputy Commissioner, Mysore District. In view of the supply of seven more chassis, as per letter No.TRC.630(a)/44-45 dated 27-7-45 of the Director of Food Supplies, we required addi-

P.T.O.

required additional supplies of petrol at the rate of atleast 250 gallons per lorry per month. It is found from experience that lorries fitted with gas plants can bring only half the load, which a petrol run lorry can carry and more often the gas plant lorry is found to get stuck up in the forest areas dislocating the fuel supplies. The proposal of fitting up gas plants to the lorries, cannot therefore be tried.

Para 8: The question of keeping a stock of tyres and tubes with the Municipal President, for being issued to the fuel lorries as and when required is still under correspondence with the Secretary to Government, General Department. A copy of this Office letter No. M5. PR.150/44 dated 7th July 1945 is herein enclosied for information.

Para 9: Supervisory staff:- The Municipal Council considered the note of the Additional Director of Food Supplies in their meeting held on 30th June 1945 and again on the 11th August 1945 and are of opinion that it is better to have ~~them~~ a Range Forest Officer instead of a Deputy Amildar. In enclosing herewith a copy of the Council resolution No.100 dated 11th August 1945, I request that the question of appointing at Government cost a Range Forest Officer to look after the supply side of the fuel and two Fuel Inspectors to see to the distribution may kindly be taken up with the Government and the services of the staff placed at the disposal of the Municipal Council, very early. The Municipal Engineer who is also the Trust Board Engineer is placed in immediate charge of the fuel supply arrangements in the City and as he finds it difficult to Manage the fuel supplies also, the services of the Special Staff are very necessary. For the present, the Municipal Council have sanctioned a Fuel Inspector on Rs.35 + 5 CA/ temporarily for a period of 6 months from April 1945.

Para 11: Building up reserves: Pending further consideration of the question of transporting fuel from Chamarajanagar for building up reserves it has been decided to engage 5 lorries for bringing fuel to the reserve fuel depot. The work has to be taken up after building up bodies to the chassis and obtaining the necessary quantity of petrol.

Para 12: Introducing the provisions of the anti-hoarding and Anti-profiteering Act in Mysore City.

Government may kindly be addressed to pass early orders in this matter.

Para 13: Control over the fuel brokers and Dallalis: Byelaws have been approved by the Municipal Council and forwarded to Government for sanction, and a copy of the same has been forwarded to the Director of Food Supplies on 27-7-45. Instructions have been issued to Health Officer, Mysore City, to induce the private fuel shop-keepers to sell fuel at the scheduled rate fixed for the Municipal Fair Price Depots, and to cancel or suspend the licenses of those who do not comply with the instructions. The question of engaging private lorries on hire for fuel transport is also under the consideration of the Fuel Sub Committee, but this will not be possible unless sufficient quantity of petrol is made available for running them.

Para 14: Charcoal supplies: The Municipal Council have approved of certain arrangements in consultation with the District Forest Officer, Mysore, vide copy of the Note No.M5.207/44 dated 8-6-45 enclosed. It has also been decided to appoint Messrs. Boriah Basaviah & Sons, as Managing Agents, vide copy of Fuel Sub Committee resolution No.3 dated 14th July 1945 enclosed.

After building up a sufficient reserve of fuel and charcoal, the question of controlling the rates may be considered.

"Copy."

OFFICE OF

Date 7 DEC 1945

To

The Secretary to the
Government of Mysore,
Development Department,
(Food Supplies), Bangalore.

Sir,

Re:- Appointment of Supervisor staff for Fuel Supply work in Mysore City.

With reference to your letter No.SD. 3086/A.89-45-2 dated the 20th ultimo, on the above mentioned subject, I have the honour to state that the Forest Ranger now on duty connected with the supplies of fuel and charcoal to Bangalore City, under the Special Fuel Supply Officer, Bangalore, is being paid his pay as it would stand from time to time in this Department and in addition deputation allowance equal to 20 per cent of such pay as also a conveyance allowance of Rs.20/- per mensem and that the Forest Ranger that may be deputed for duty in connection with Fuel Supply in Mysore City may also be paid pay and allowances accordingly.

I have the honour to be,
Sir,
Your most obedient servant,

Chief Conservator of Forests.

and their proper distribution to the several depots, and to check the unauthorised transportation of fuel, the appointment of an officer of the grade of a Range Forest Officer is quite essential. I therefore request that as already commended by you, orders of Government may kindly be obtained for according sanction to the entertainment of one Range Forest Officer and two Fuel Inspectors on Rs.35 + 5 CA. including the one already working, for a period of six months, in order that the fuel supplies and distribution work in the city may be attended to satisfactorily, the cost of the entire establishment being met by Government.

I request the favour of an immediate compliance in the matter.

I am to add in this connection that the Municipal Council at its Ordinary General Meeting held on 29-9-45 passed a resolution ~~of the Fuel Committee dated 13-9-45~~ to the effect that in view of the cessation of war and the availability of transport facilities of fuel in the city, the opening of the Central Reserve Depot as was proposed was not necessary and the idea was therefore abandoned.

I have the honour to be,
Sir,
Your most obedient servant,

Sd.R. Ramachandra Rao Bhombore

G.Sundara Rao, Esq., B.A., D.O. 5026
Director of Food Supplies in Mysore,
Bangalore.

Sir,

Subject: Re: the appointment of Supervisory Staff for fuel supply work in Mysore City.

--

R With reference to your memo No.F.3508/44-45 dated 15-2-46 requiring me to furnish the particulars called for in letter No. SD.5437/A.89-45-4 dated 9-2-46 from the Secretary to Government, Development Department in regard to the proposal for the appointment of the supervisory staff of one Range Forest Officer and two Inspectors on Rs.35 + 5 CA. each per month, I have the honour to state that the municipal council have requested for sanction of Government to the entertainment of the said staff, the cost being borne by Government and the staff is not yet employed, Except one Fuel Inspector on Rs.35 + 5 CA. which the council have entertained since 9-4-45. The post was sanctioned temporarily for six months in the first instance and extended for a further period of six months in G.O.No.L.2134-7/Ml.11-44-135 dated 18-9-45. The Council have resolved that as the fuel situation has not yet improved, it is necessary to further extend the period by another six months from 9-4-46. With the supply of seven more lorries from the Dood Department which have been sold to the fule contractors, the fair price depots have increased and their number is 23, which are situated in different parts of the City. It is experienced that one Fuel Inspector cannot effectively supervise the stocking and issue of fuel in all these municipal fair price fuel depots in the city. The appointment of one more fuel Inspector on Rs.35 + 5 CA is therefore quite necessary in the interest of proper and efficient checking of these depots for the proper supply and distribution of fuel in the City. With a view to control the supplies from the Forests into the City

OFFICE OF THE
DIRECTOR OF FOOD SUPPLIES
IN MYSORE,

Bangalore, dated 2nd April *194*6.

8 APR 1946

From

K. Srinivasan, Esq., B.Sc.,

Director of Food Supplies
in Mysore, Bangalore.

To

C.E. Noronha, Esq., M.A.,

Secretary to Government, (Development Department,
(Food Supplies), BANGALORE

Sir,

Subject: APPOINTMENT OF SUPERVISORY STAFF FOR FUEL SUPPLY WORK IN MYSORE CITY

******

With reference to your letter No. SD. 5437, dated 9.2.46, enquiring whether the supervisory staff of one Range Forest Officer and two Inspectors on Rs. 35 plus 5/- each per mensem has been employed, I have the honour to state that the President, City Municipal Council, Mysore who was asked to furnish the required information has intimated in his letter No. M6.Fl. 60/45.46, dated 5.3.46 (copy enclosed) that out of the above staff, only one fuel Inspector on Rs. 35 plus 5/- C.A. was appointed from 9.4.45 and that this post was sanctioned by Government temporarily for six months in the first instance and extended for a further period of six months in G.O. No. L. 2134-7- Ml. 11-44-135, dated 18.9.45. It is stated that the number of fair price fuel depots have been increased to 23 and these being situated in different parts of the City, One Fuel Inspector cannot effectively supervise the stocking and issue of fuel in all these depots. Therefore, the President requests sanction for the appointment of one more Fuel Inspector on Rs. 35/- plus 5/- p.m. in the interests of proper supply and distribution of fuel to the public in the City. Further, he states that with a view to control the supplies from the forests into the City and to supervise their proper distribution to the various depots in the City, the appointment of an Officer of the grade of Range Forest Officer is quite essential.

P.T.O.

2. It was felt that the pay of the Fuel Inspectors proposed may be raised from Rs. 35/- plus 5/- to Rs. 50/- plus 10 to bring it up to th level of atleast the Asst. Fuel Inspector in Bangalore City, but the Auditor and Accounting Officer has opined that only a pay of Rs. 35/- plus 5/- may be allowed as recommended by the President City, Municipal Council, Mysore.

3. In the circumstances, I request you to kindly obtain the sanction of Government for the appointment of an officer of the grade of a Range Forest Officer, from the Forest Department and two Fuel Inspectors including the one already working on a pay of Rs. 35/plus5/- each per month temporarily for a period of six months in the first instance, the cost being ordered to be met by Government as already recommended in this office letter of even No. dated 28.9.45.

I have the honour to be,
Sir,
Your most obedient servant,

Addl. Director of Food Supplies.

Copy of Letter No. FF., dated 5th March 1946, from the President, City Municipal Council, Mysore, to the Director of Food Supplies, Mysore.
